MP-D (Mall Precinct - Downtown)

10.15. MP-D - MALL PRECINCT - DOWNTOWN

Figure 10.15a: Applicable Area for the MP-D District

10.15.1. Purpose

This District is intended to guide redevelopment of MP-D Areas A and B within the downtown and allow for new medium to high density residential, commercial, office, institutional, and mixed use developments. The area is to be integrated with the lands districted C5, south of MP-D Area A and West of MP-D Area B. Higher densities and scales greater than seen elsewhere in Fort Saskatchewan are supported, with high rise buildings accommodated in specific locations provided that the design ensures development relates to the adjacent areas and provides harmonious transitions. Open space and pedestrian connections will be provided to ensure ease of movement to and from the area, and opportunities for recreation. Special emphasis should be given for the creation of a high quality public realm including urban plazas, outdoor amenity areas and interactive streetscapes.
